

ETILENO XXI PROJECT NANCHITAL STORAGE & PORT OPERATION

- Rental of land from API Nanchital for the construction & operation of roll-off jetty
- Rental of land from API Nanchital for storage location & offices
- Preparing the land for use
- Construction of security perimeter fencing and lighting.
- Construction of jetty to receive abnormal cargoes, and barges with general cargoes.
- Mobilization/demobilization of equipment & personnel for warehousing operation in Nanchital

- Ro/Ro Ramp:
 - Due to the curves in the road when exiting from the existing concrete pier, WLSC will construct a new ro/ro jetty at the end of the main exit road from the port.
 - The new ro/ro jetty will allow for a straight movement from the pier to the main road.
 - The area immediately adjacent to the ro/ro jetty will be developed for storage of cargo, and assembly of transport equipment.

PORT OF NANCHITAL

- Intermediate Storage area at Nanchital:
 - Area: 17 hectares (170,000 SqM) approximately
 - Access by road and by water. (7.8 kilometers from the site)
 - Permits for use have been granted by the state and the local authorities. (some improvements are required).

LAND PREPARATION

- The 170,000 square meters of land will be cleared of brush and debris, and then leveled for proper storage and drainage.
- A perimeter fence will be installed around the land, with a total approximate length of 2,600 linear meters.
 - Type: Chain link galvanized
 - Height: 2.5 meters
 - INCLUDES corner posts, 60 mm, 48 mm intermediate posts, top bar 38 mm, 3 lines of barbed wire

EQUIPMENT & PERSONNEL

- WLSC will mobilize all equipment and personnel required to operate a full-service storage location, and to assemble the transport equipment that will be utilized to transport the heavy-lift cargo.
 - 1 x 35-ton crane
 - 1 x 65-ton crane
 - 3 x flatbed trailers
 - 10-ton forklift
 - Warehouse Manager
 - Warehouse Assistants / Materials Managers (2)
 - Crane Operators
 - Forklift Drivers
 - Assistant Operators/Rigging Personnel
 - Warehouse Security Personnel 24 hours/day, 7 days/week
